JOHNSON AGAIN HEADS DIVISION

Georgia Division S. C. A. Elects Officers For 1907.

DR. NUNNALLY IS ORGANIZER

Among Resolutions Passed One Urges Deposits in Southern Banks Before September 1.—A Great Deal of Business Was Transacted.

Atlanta, Jan. 4.—The Georgia division, Southern Cotton Association, held its annual meeting Wednesday in the hall of the house of representatives at the state capitol, elected new officers for the ensuing year, passed several interesting and important resolutions and transacted other detailed business before adjourning sine die.

The officers for the new year, elected by acclamation and rising vote, are as follows:

President, M. L. Johnson, of Cass Station, re-elected.

Vice president, Dr. G. A. Nunnally, of Newnan, who succeeds in this position Hon. W. L. Peek, of Conyers.

Treasurer, John D. Walker, of Sparta, re-elected

Members of the national executive committee from Georgia, Martin V. Calvin, of Richmond; M. L. Everett, of Stewart, and Daniel G. Hughes, of Twiggs.

There was no secretary elected, it being left to the president to select this officer with approval of the finance committee. The finance committee will also be appointed by the president.

A resolution was passed providing for the office of state organizer, and this position was tendered the new vice president, Dr. G. A. Nunnally, who, it is thought, will accept it. The salary of the state organizer is to be fixed by the finance committee.

President Johnson, who presided over the meeting, made a ringing speech to the delegates calling attention to the work of the association during the last year, its prospects for the future, and the importance of supporting it in its work.

There were present 65 delegates from all parts of the state, the following counties being represented by from one to three delegates: Banks, Bartow, Douglas, Coweta, Cobb, Campbell, Clarke, Elbert, Carroll, Fulton, Gordon, Greene, Hancock, Harris, Hart, Jones, Jasper, Laurens, Mitchell, Milton, Madison, Newton, Oconee, Pulaski, Polk, Schley, Stewart, Stephens, Rockdale, Twiggs, Upson, Walton, Oglethorpe and Pike.

D. H. Hughes, of Danville, acted as secretary of the meeting.

The president of the Georgia division was authorized to appoint three delegates from the state at large to the annual convention of the Southern Cotton association to be held on Jan. 16 in Birmingham, Ala., it being provided by unanimous vote that Commissioner of Agriculture T. G. Hudson shall be one of these delegates at large from Georgia.

The following resolutions were considered and passed:

A resolution extending fullest sympathy to the loyal men of South Carolina, Tennessee, Alabama, Arkansas and Texas, who are now beginning a campaign against the cotton gamblers in those states, which was brought to a successful issue in the state of Georgia by the passage of the Boykin bill.

A resolution by J. D. Walker, expressing regret at the absence of President Harvie Jordan, and confidence in him as well as thanks for his untiring efforts.

A resolution by President M. L. Johnson urging the establishmetn and maintenance of warehouses, backed by strong corporations, for the handling locally of distress and surplus cotton.

A resolution declaring the good work done by the cotton association in maintaining the price of cotton and pledging support and allegiance to it during the current year. This resolution was offered by L. H. O. Martin, of Elbert; B. H. Fortson, and others.

A resolution by T. H. Kimbrough, of Harris county, urging the reelection off Harvie Jordan as president of the Southern Cotton association.

Want Fraud Order Issued.

Washington, Jan. 4.—Charges of fraud have been filed with Postmaster General Cortelyou against the officials and members of the New York Cotton exchange by Representative Livingston, of Georgia, and Harvie Jordan, president of the Southern Cotton association, of Atlanta, Ga. The request that the department issue a fraud order against the officials and members of the New York cotton exchange to bar them from the use of the United States mails in conducting what are termed fraudulent practices. The postmaster general referred his callers to Judge Goodwin, assistan general for the postoffice department. It is likely that a hearing will be held by Judge Goodwin.

Number of Dead Reaches 49.

Topeka, Kans., Jan. 4.—It is impossible to say just how many persons perished in the Rock Island train wrecked at Alma, Kans., Wednesday as a number of bodies of Mexicans were destroyed by the burning of the smoking car. The conductor says there were seventy-six Mexicans on the train and it is feared that 44 of these were killed together with four other pasengers, all men, and a negro train porter, making a total of dead 49. A coroner's inquest will be held at Alma when John Lynns, the boy telegraph operator who is blamed for the collision, will testify. The investigation will be continued at Topeka. So far as known, all the women on the trian escaped death, and none even seriously injured. Mrs. Harris Wright, of Delhart, Tex., and her baby, bound for Decatur, Ill., were unhurt.

Costly Gems Found by Railroad.

Savannah, Ga., Jan. 4.—Jewels, principally diamonds, valued by a local expert at $50,000, were recovered Wednesday by the Atlantic Coast Line, and will be sent at once to Dionysius Miranda, a Cuban, who is awaiting their arrival at Jacksonville, Fla., before proceeding on his way to Havana, Cuba. Senor Miranda and his wife left New York Dec. 31. They had a satchel containing the jewels. At Jacksonville, where they arrived by way of the Southern railway, they complained of the theft of the jewels. Two of their fellow passengers, a woman and her daughter, were arrested, but subsequently released. The satchel containing the jewls was found by a negro porter in the closet of a combination car, where they had evidently been left by the thief.

Sheriff Outruns Escaping Negro.

Columbia, S. C., Jan. 4.—Sheriff Corley, of Lexington, has arrested John Moore, a negro, who is wanted in North Carolina for killing a white man at Gastonia. The negro tried to escape from Sheriff Corley by running across the toll bridge over Congaree river into the city of Columbia but the sheriff was too quick for him, and the negro is now in the Lexington jail waiting for a North Carolina officer.

Returns Championship Emblem.

New York, Jan. 4.—Frank Hoppe, father of Willie Hoppe, the world's ex-champion at 18.1 balk line billiards, has returned the diamond trophy emblematic of the championship to its donors. Notwithstanding this, Willie Hoppe yet claims the title of champion. Mr. Hoppe seems to think his son received poor support and bad treatment from the followers of billiards in this country. He says that instead of a series of high-class challenge matches his boy is forced to seek employment for his skill abroad and relinquish the emblem which he won from Vignaux a year ago and subsequently skillfully defended against Slosson and Sscaefer, who challenged him for it. Willie Hoppe says he will play Sutton or any other billiard player three nights for $10,000 and the championship.

No Office for Hearst.

New York, Jan. 4.—William P. Hearst reiterated Wednesday to a committee of the independence league that he will never be a candidate for office again. Mr. Hearst said: "I, myself, will not be a candidate for any office but I am as much interested as ever and more interested than ever—in the promotion of principles of the independence league. It seems to me that we can all feel satisfied upon what has and is being accomplished and it seems to me that as a patriotic citizen we do not care particularly what individuals should these principles and reforms effect as long as they actually are being accomplished for the benefit of our fellow citizens.

Cotton Mill Men Assembled.

Spartanburg, S. C., Jan. 4.—The South Carolina Cotton Manufacturers' association convened here Wednesday, 100 delegates from the various cotton mills throughout the state being present, representing a capital of $35,000,000. Ellison H. Smithe, president of the Pelzer cotton mills, of Pelzer, is president of the association, and made the opening address. The meeting was held behind closed doors. The subject under discussion are the labor question, including immigrant labor, child labor, compulsory education, etc. The meeting colsed with a banquet.

Flagler Gives an Increase.

St. Augustine, Fla., Jan. 4.—The Florida East Coast railway, through its vice president and general manager, J. R. Parrott, has authorized an advance in wages of 7 per cent, applicable to all employees of record January 1, 1907. This road operates a line from Jacksonville to Miami, 366 miles, and is now constructing an extension over the Florida keys from Miama to Key West. H. M. Flagler is president of the company. It is the first road in Florida to increase wages. More than one thousand men are affected by the increase.

Taking of Testimony Concluded.

San Antonio, Tex., Jan. 4.—The taking of testimony in the Mexican revolutionary extradition case was concluded Wednesday and the arguments began Thursday. The testimony of Assistant United States District Attorney Cresso, Sheriff Robinson, of Val Verde, and Deputy Collector of Customs Dowe, of Del Rio, was excluded by commissioner Neill.

TO PROBE CASE OF NEGROES

Order of President Discharging Soldiers To Be Investigated.

Washington, Jan. 4.—There is no longer much, if any, doubt that the senate will order an immediate investigation of the discharge of the negro troops of the Twenty-fifth infantry on account of their alleged participation in the "shooting-up" of the town of Brownsville, Tex.

Senator Foraker, whose resolution authorizing the committee on military affairs to make an inquiry is pending, Wednesday expressed the hope that the resolution would be adopted soon after the reconvening of congress Thursday and said that unless it was further attacked he would not make another speech on the subject at present. It has been expected that Senator Lodge would oppose the inquiry, but he has recently stated that he would not do so. Unless therefore, opposition opens from the unexpected quarter, the resolution probably will be taken up and passed Thursday without debate.

Even after the resolution is adopted, the committee will still be in position to deny the investigation as the resolution is not mandatory, but no one believes that such a course will be taken. There is already discussion as to whether the committee will go to Texas or do its work in Washington, but the general impression is that witnesses will be brought to this city and that all the sittings will be held here.

WOMEN SANG AS MEN VOTED.

Prohibition Ticket Wins at West Point Ga., by Close Vote.

West Point, Ga., Jan. 4.—One of the most heated campaigns in the history of West Point resulted Wednesday in the election of the following ticket: Mayor, J. H. Booker; aldermen, A. L. P. Barrow, W. H. Huguley, Jr., W. C. Batson, W. J. Kirby and John T. Johnson.

There was much anxiety felt as to the outcome of the election by the people of the city. Ministers of all denominations have been holding services, praying for the success of the Booker Ticket, which was endorsed by the Anti-Saloon League.

At Lanier's hall, the Woman's Christian Temperance Union held a prayer meeting and song service all day and as men approached the polls to vote they could hear the women and children singing.

H. S. Baker, the defeated candidate for mayor, was defeated by only two votes.

Train Robber Under Arrest.

Richmond, Va., Jan. 4.—J. C. Andrews, alias L. C. Cox, was arrested at Acca station, near Richmond, as the robber who held up the Seaboard Air Line train near La-Crosse, Va., Sunday night, and robbed a number of Pullman car passengers of money and other valuables. He was identified by the conductor and porter of the train. The prisoner will be delivered to the authorities of Mecklenburg county, in which the crime was committed. The penalty for the offense may be death, under the laws of Virginia. There is no clew yet as to any others who figured in the hold-up.

In Need of Recruits.

Washington, Jan. 4—Not in recent years except in war times, has the army been so badly in need of men as at present. A recent circular addressed to all officers of the recruiting service, made public at the war department, calls attention to the fact that recruits are needed in large numbers for the coast artillery, the field artillery, the white infantry and the white cavalry. Recruiting officers are enjoined to redouble their efforts to secure recruits qualified for the military service.

HARVEY HILL SHOOTS YOUNG DR. RIDLEY

Both Were Attendants at La-Grange, Ga., Wedding.

HILL SURRENDERS TO SHERIFF

Hill Spoke to Dr. Frank Ridley's Sister—Words Followed and Ridley Knocked Hill Down—Latter Arose and Fired.

LaGrange, Ga., Jan. 4.—Dr. F. M. Ridley, Jr., was shot by Harvey Hill, of Atlanta, Wednesday.

The wound inflicted upon Dr. Ridley was a flesh wound, in the right side of his body, and is not considered dangerous.

The tragedy occurred at the residence of Mrs. C. B. Ridley during the wedding ceremonies of her daughter, Miss Eleanor Ridley, who was married to Dr. B. G. Swanson. Hardly had the solemn words of Dr. I. S. Hopkins, who performed the ceremony, died from his lips when the guests were startled by two pistol shots in the rear of the house. The bride was being congratulated by her host of friends and everything seemed happy and peaceful, when all at once the sharp reports of the pistol were heard.

An investigation was immediately made, which showed that Dr. Ridley was lying on the floor in the kitchen, with a wound in his right side. Mr. Hill came quietly out upon the back porch and announced that he had shot Dr. Ridley, and thought he had killed him. He went immediately down town and gave himself up to the sheriff, and was confined in the Troup county jail.

Dr. Ridley is resting quietly at the home of his father, Dr. F. M. Ridley, Sr.

Colonel Charles D. Hill, of Atlanta, the father of Harvey Hill, arrived here later in the day, and is in consultation with his son. They have given out no interview for the press, Mr. Hill only saying he regretted the affair very much and was glad to know that Dr. Ridley's wound was not serious.

It is not known what caused the difficulty, as there were no eye-witnesses, and neither party has yet told how it was brought about.

It is thought, however, that the tragedy was the result of Hill's attempting to engage in conversation with Miss Mary Ridley, a sister of Dr Ridley. Some time ago the elder Dr. Ridley requested Mr. Hill not to speak to his daughter. It is said that when young Ridley Wednesday heard of Hill's disregard of this request, he at once sought him out and demand an explanation

Hot words were passed between the two men. Dr. Ridley finally knocking Mr. Hill down. Hill immediately arose and fired two shots.

While, as above stated, no statements have been made, the general opinion here is that young Hill's attempt to speak to Miss Ridley was the cause of the tragedy.

Harvey Hill was released on bond Thursday.

Will Not Be Deported.

New York, Jan. 4.—Immigration Commissioner Robert Watchern said Wednesday that Mrs. Goldie Weisberg, the woman who, with four children, came here from Russia in December to join her husband, an Albany tailor, and was found to be suffering from trachoma would probably not be deported after all. It has been found, Mr. Watchern said, that the trachoma from which she was suffering could be cured. The case of Mrs. Weisbery was notable in being the first one in which the immigration commissioner refused to obey the law in regard to the deportation of immigrants affected with trachoma.

Submarine Earthquake.

Laibach, Austria, Jan. 4.—The seismograph at the observatory here on Wednesday recorded at 1:15 p. m., a severe submarine earthquake calculated to be 11,200 miles distant. It is stated that the distance suggests an earthquake in the South Pacific ocean east of New Zealand.

DEATH OF A VISITOR.

Mrs. Hattie Clark of Miami Passed Away at Home of Col. Clark.

Mrs. Hattie Clark, wife of James Clark of Miami, died at the home of Hon. Frank Clark, her brother-in-law, at 6o'clock Friday morning, of Bright's disease, after an illness of only a few days. The death was sudden, and was all the more sad because of the fact that deceased had left her home the day before Christmas, anticipating a pleasant visit to her relatives here. She arrived here on Christmas day, and about the 27th was affected with the disease from which she died.

Deceased was a native of Tennessee, and was born forty-eight years ago. She was married to Mr. Clark in Ardmore, I. T., six years ago, and in September, 1904, they came to Florida, locating in Miami, where Mr. Clark has since held a responsible position with the Florida East Coast Railway.

Deceased was a devout member of the Baptist church, and has been for many years an active worker in the cause of Christianity. The funeral will be held from the First Baptist Church in this city Sunday afternoon at 2 o'clock, Rev. S. B. Rogers officiating. The interment will be in Evergreen cemetery, and friends of the family of Hon. Frank Clark and others are invited.

Mr. James Clark, husband of the deceased, was with her when she died, having been summoned from Miami on Saturday. He is still in the city, and will remain here indefinitely. Mr. Clark is well known throughout the State, having resided at Ocala prior to moving to Indian Territory. He was deputy United States marshal under United States Marshal James McKay, during the last Cleveland administration.

Friends of the bereaved husband and relatives extend sympathy in their hour of distress.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's **Swamp-Root**, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

GREENE-PICKETT.

Happy Marriage Young People Near Newberry During Holidays.

Jonesville, Jan. 3.—One of the most beautiful home weddings that it has been the writer's pleasure to attend for years was solemnized at the home of Mr. and Mrs. H. A. Pickett on Wednesday afternoon, Dec. 26, at 4 o'clock, when their daughter, Miss Melissa, became the wife of Mr. C. O. Greene of Double Sink.

The home was beautifully decorated in green and white, and at the sound of the march, which was played by Miss Pauline Stinchcomb of Fort White, Miss Clem Pickett, S. B. McGill, Miss Nellie Stinchcomb and W. H. Pickett, brother of the bride, followed by the bride upon the arm of Mr. Greene, marched to the parlor, where the ceremony was performed in a very impressive manner by Rev. Z. A. Crumpton.

The bride wore a lovely gown of white taffeta silk, long white gloves and veil, while the groom wore the conventional black. Miss Clem Pickett, sister of the bride, wore light blue silk. Miss Stinchcomb wore white silk.

After the ceremony delightful music was rendered by Miss Anna Fowler of Jacksonville and Miss Pauline Stinchcomb of Fort White.

Miss Pickett was one of Jonesville's most popular young ladies and will be greatly missed. Mr. Greene is a young man of sterling worth and is to be congratulated upon winning so fair a bride.

Mr. and Mrs. Greene received many useful and beautiful gifts. They left on Friday afternoon for their future home at Double Sink. A Guest.

A Bronze Medal Calendar.

The 1907 calendar of N. W. Ayer & Son, the Philadelphia advertising agents, is just out, and as usual it is one of the season's best office calendars.

They have followed the same design used in 1906, but their famous medal and motto, "Keeping Everlastingly At It Brings Success," appear on a bronze background, which gives it an exceedingly rich appearance. While the calendar is arranged with a month on each flap the figures are clearly legible across a large room. The blank spaces on the flaps are filled with new and pointed epigrams on advertising and business-building in general.

The calendar is too expensive for general distribution, but while they last, Ayer & Son will mail a copy to any address upon receipt of twenty-five cents.

U. S. LAND OFFICE ISSUES A STATEMENT

Of the Public Lands Remaining on Docket End of Fiscal Year.

THERE ARE 400,000 ACRES

Extending From One End of the State to the Other, and Including All Counties With Two Exceptions—Valuable Information to Home Seekers.

Owing to numerous inquiries throughout the entire country relative to the government or public lands in Florida subject to homestead entry, the United States land office has compiled a tabulated letter, together with other information, which will prove of general interest to those seeking such information.

There are yet in Florida some of the finest public lands in the United States subject to homestead entry. While a large number of homesteads are made yearly, and millions of acres of fine lands have been taken up, the report shows that, on July 1 of the past year, being the end of the fiscal year, the records show about 400,000 acres of lands yet subject to homestead entry under the law.

This land, stretching as it does from one end of the State to the other, from Escambia county on the west to Monroe county on the south, presents a most diversified inducement to settlers who desire to come to Florida and make it their future home. Being extensively scattered, a homesteader may adapt himself to his avocation, as the soil will produce a great variety of products in agriculture and horticulture. There are doubtless also some fine timber lands subject to the homestead law which, when cleared, will leave a tract of as fertile land as could be desired.

If a prospective homesteader who desires to make his future abode in Florida desires a good, substantial general farming tract, he may secure same in any county in West or Northern Florida, where fruits more hardy than citrus fruits may also be raised in abundance and of the finest flavor; if he prefers trucking and orange growing, with the cultivation of other semi-tropical fruits, he may take up his homestead of 160 acres in Middle or South Florida, where general farming may also be carried on to an extent, especially in Middle Florida, where the finest Sea Island cotton in the world is grown, and where corn, oats, and grain of all kinds, except wheat, thrive prolifically, and live stock is one of the principal industries.

The following is the circular as compiled by the United States land office:

"There are only two counties entirely without such lands. A number of counties, however, have very few acres of it. It is distributed, according to a statement prepared by this office July 1, 1906, by counties, as follows:

"Alachua, 10,130 acres; Baker, 1,568 acres; Bradford, 520 acres; Brevard, 19,720 acres; Calhoun, 1,200 acres; Citrus, 8,259 acres; Clay, 17,750 acres; Columbia, 1,387 acres; Dade, 18,342 acres; DeSoto, 61,984 acres; Duval, 306 acres; Escambia, 3,908 acres; Gadsden, 3,460 acres; Hamilton, 2,542 acres; Hernando, 1,162 acres; Hillsboro, 1,132 acres; Holmes, 1,179 acres; Jackson, 118 acres; Jefferson, 426 acres; LaFayette, 16,944 acres; Lake, 41,851 acres; Lee, 28,256 acres; Leon, 1,415 acres; Levy, 12,396 acres; Liberty, 3,352 acres; Madison, 639 acres; Manatee, 8,977 acres; Marion, 5,465 acres; Monroe, 3,722 acres; Nassau, 6,178 acres; Orange, 23,460 acres; Osceola, 14,890 acres; Pasco, 2,152 acres; Polk, 20,076 acres; Putnam, 13,239 acres; St. Johns, 13,000 acres; St. Lucie, 7,592 acres; Santa Rosa, 7,310 acres; Sumter, 968 acres; Suwannee, 1,309 acres; Taylor, 2,936 acres; Volusia, 17,067 acres; Wakulla, 960 acres; Walton, 9,242 acres; Washington, 1,320 acres.

"We can give no information, generally, as to the character or value of any particular tract. Part of the lands are worthless, or of very little value, so it behooves a prospective settler to exercise care and judgment in selecting a homestead. For the most part the desirable lands are more or less remote from railroads and populous settlements.

"The western and northern portions of the State are adapted to general farming, live stock and small fruits more hardy than citrus varieties; the central portion is suited to general farming, trucking where transportation facilities permit, citrus fruits and live stock; the southern portion to trucking, subject to the same limitations as to transportation, citrus and other semi-tropical fruits, and live stock, the islands and Dade county being, generally, adapted to truck farming and fruits."

Convict Regiments.

At the beginning of the eighteenth century the British army had a bad reputation at home, and it was very difficult to get recruits for it. For this reason it was officially proposed to find the men by an impressment falling on "any sturdy beggar, fortune teller or the like idle, unknown, suspected fellow in the parish; or, if there be none such, then any one that has already been in a gaol or before a justice of the peace for his idle, disorderly life." The advice was acted upon. Debtors were released from prison on promising to join the army or the navy, criminals were pardoned on the same terms, and persons with no visible means of subsistence were marched off to death and glory. The system worked out better than might have been expected. In the peninsular war, for instance, three new regiments were composed entirely of convicts, and one made for itself an illustrious name.

New England and Napoleon.

The hostility of New Englanders to the first Napoleon was sincere and deep. A remarkable instance of this feeling is to be found in the manner in which the townsmen of Boston received the news of his first abdication. The incident has been brought to notice through an interesting exhibit in the historical collections of the public library of that city. It is a ticket admitting the bearer to a "solemn festival at the Stone chapel, in commemoration of the goodness of God in delivering the Christian world from military despotism. Boston, June, 1814."

How to Cure Chilblains.

"To enjoy freedom from chilblains," writes John Kemp, East Otisfield, Me., "I apply Bucklen's Arnica Salve. Have also used it for salt rheum with excellent results." Guaranteed to cure fever sores, indolent ulcers, piles, burns, wounds, frost bites and skin diseases. 25c at all drug stores.

When Baths Were Scarce.

In a guide to etiquette published early in the last century the writer says that "soap does not irritate the complexion. Some of the finest complexions we have known have been regularly washed with soap every day." The same authority remarks that "the daily bath is now the rule rather than the exception, and common sense has triumphed over the decision that washing was injurious." And then the writer has a dig at her great-grandmother, "whose only ablutions consisted in wetting her cheeks with a cambric handkerchief dipped in rosewater." "In all our directions with regard to the bath," adds this early Victorian dictator, "it must be borne in mind that we only refer to those in sound state of health."

DRESS OF THE ESKIMO.

Made by the Women From the Skins of Northern Animals.

The chief material of the clothing of the Eskimo is the skin of the reindeer, which is used in various states of pelage or tanning. Fine, short haired summer skins, especially those of does and fawns, are used for making dress garments and underclothes. The heaviest winter skins furnish extra warm jackets for cold weather. The white spotted skins of the tame Siberian reindeer are especially valued for full dress jackets.

The skins of the white mountain sheep, white and blue fox, wolf, dog, ermine and lynx are sometimes made into clothing. Underjackets of eider duck skins are often pressed into service. Sealskin dressed with the hair on is used only for breeches and boots, and for those rarely, of late years drilling and calico have been introduced into the makeup of some of the minor garments.

The dress of the men consists of a loose hooded frock without opening except at the neck and wrists. This reaches just over the hips and very rarely to midthigh, where it is cut off square and usually confined by a girdle at the waist. Under this garment is worn a similar one of lighter skin and sometimes without a hood. The thighs are clad in one or two pairs of tight fitting knee breeches, rather loose, but fitted to the shape of the leg. They are very low in front, but are much higher behind, sometimes as high as the small of the back. They are held in place by a girdle or thong around the waist and are usually fastened below the knee over the boots with a drawstring.

On the legs and feet are worn, first, a pair of long deerskin stockings, with the hair inside, then slippers of tanned sealskin, in the bottom which is spread a layer of whalebone shavings and outside a pair of close fitting boots, held in place by a string around the ankle, which reaches above the knee and ends with a rough edge covered by the breeches. Dress boots often end in an ornamental border, with drawstring just below the knee. The boots are of reindeer skin, with white sealskin soles for winter and dry weather, but in summer waterproof boots of white whaleskin are worn. Overshoes of the same material, reaching just above the ankles, are sometimes worn over the winter boots.

The women wear tight fitting deerskin pantaloons, with the hair next the skin, and outside of these a similar pair made of the skins from deer legs, with the hair out, and having soles of sealskin, but no ankle strings. The women's pantaloons, like those of the men, are fastened with a girdle just above the hips. It appears that they do not stay up very well, as the women are continually hitching them up and tightening their girdles, like some old sailor.

Until they reach manhood the boys wear pantaloons like the women, but their jackets are cut just like those of the men.

The well to do Eskimos generally own several complete suits of clothes and present a neat appearance when not engaged in dirty work. The poorer classes wear one suit for all occasions until it becomes shabby. New clothes are seldom put on till winter. The outer frock is not often worn in the iglu, or hut home, being usually taken off before entering the room.

At present there is no such thing as an Eskimo tailor, for the women of each Eskimo household usually make the garments of all the members of the family. Not only this, but the Eskimos are extremely conservative in the matter of changes in the style of their raiment and respond very slowly to the modernizing influences in this particular which have reached their neighborhood.

IS CHARGED WITH TWO WIVES.

Rumney, a Citizen off Dawson, Arrested on Bigamy Charge.

Macon, Ga., Jan. 4.—A quietly worked case on the part of Macon detectives, has resulted in the arrest of W. E. Rumney, a citizen of Dawson, Ga., and he is now being taken to Macon, Ga., under charge of bigamy preferred by Building Inspector Peyton Jones, of Macon. In April, 1904, Rumney, who was for several months a car inspector for the Central railway here, is said to have married Miss Mamie Jones, a daughter of the building inspector. At the same time he is accused of having a lawful wife in Dawson.

Soon after the marriage in Macon, Rumney left the young wife here, and a close investigation caused the charges which were made and which finally resulted in Rumney's arrest. It was with his family in Dawson that Rumney was residing when captured. Detective Talley Jenkins, of the city force here, went immediately to Dawson, and has charge of the prisoner on the return to Macon. The young lady who married the man in Macon is attractive, and was totally surprised at the news which came to her when she began a search for her missing husband. He will be lodged in the county jail here to await a trial.

Searching for Negro.

Topeka, Kans., Jan. 4.—A negro who is believed to know the name of the negro supposed to be a member of company C, Twenty-fifth infantry, who shot ad seriousy wounded Captain Edgar A. Macklin at the latter's home at Fort Reno, Okla., two weeks ago, is being sought by the authorities here. The man was under surveillance here for several days and finally was taken before district attorney Rone and questioned. Attorney Rone convinced that he was not the man wanted, released the negro. Now the authorities are seeking him in the belief that if he is not the real assailant of Captain Macklin, he knows the name and probably the whereabouts of the man wanted. Lieutenant Higgins, of the Twenty-fifth infantry has left Fort Reno for Topeka to aid the local authorities.

Cured of Lung Trouble.

"It is now eleven years since I had a narrow escape from consumption," writes C. O. Floyd, a leading business man of Kershaw, S. C. "I had run down in weight to 135 pounds, and coughing was constant, both by day and by night. Finally I began taking Dr. King's New Discovery, and continued this for about six months, when my cough and lung trouble were entirely gone and I was restored to my normal weight, 170 pounds." Thousands of persons are healed every year. Guaranteed at all drug stores. 50c and $1. Trial bottle free.

Robbed Store and Burned It.

Dawson, Ga., Jan. 4.—R. A. Cannon's storehouse, located on his farm in the eastern portion of this county, was burned, together with his entire stock of merchandise on which there was no insurance, and estimating the loss to be not less than $2,000.

Trust to Nature.

A great many Americans, both men and women, are thin, pale and puny, with poor circulation, because they have ill-treated their stomachs by hasty eating or too much eating, by consuming alcoholic beverages, or by too close confinement to home, office or factory, and in consequence the stomach must be treated in a natural way before they can rectify their earlier mistakes. The muscles in many such people, in fact in every weary, thin and thin-blooded person, do their work with great difficulty. As a result fatigue comes early, is extreme and lasts long. The demand for nutritive aid is ahead of the supply. To insure perfect health every tissue, bone, nerve and muscle should take from the blood certain materials and return to it certain others. It is necessary to prepare the stomach for the work of taking up from the food what is necessary to make good, rich, red blood. We must go to Nature for the remedy. There were certain roots known to the Indians of this country before the advent of the whites which later came to the knowledge of the settlers and which are now growing rapidly in professional favor for the cure of obstinate stomach and liver troubles. These are found to be safe and yet certain in their cleansing and invigorating effect upon the stomach, liver and blood. These are: Golden Seal root, Queen's root, Stone root, Bloodroot, Mandrake root. Then there is Black Cherrybark. The medicinal principles residing in these native roots when extracted with glycerine as a solvent make the most reliable and efficient stomach tonic and liver invigorator, when combined in just the right proportions, as in Dr. Pierce's Golden Medical Discovery. Where there is bankrupt vitality—such as nervous exhaustion, bad nutrition—and thin blood, the body acquires vigor and the nerves, blood and all the tissues feel the favorable effect of this sovereign remedy.

Although some physicians have been aware of the high medicinal value of the above mentioned plants, yet few have used pure glycerine as a solvent and usually the doctors' prescriptions called for the ingredients in varying amounts, *with alcohol*.

The "Golden Medical Discovery" is a scientific preparation compounded of the glyceric extracts of the above mentioned vegetable ingredients and contains no alcohol or harmful habit-forming drugs.

Is Respited From Death.

Columbia, S. C., Jan. 4.—At the request of the board of pardon Governor Heyward granted a respite to Allie Adams, who is under sentence to be hanged in Walterboro Friday, Jan. 4. The petition for the pardon of Adams did not reach here in time and the board made the quest for respite in order that they might have time to consider the case. The execution will take place the last Friday in February, if a pardon is not granted. Adam's case is a celebrated one. While under sentence of death for killing Henry Jacques he escaped from jail and was not captured for several months. He then took an appeal to the supreme court and was refused a new trial. The murder ocurred four years ago.

Held Up By Negro Boys.

Macon, Ga., Jan. 4.—For having held up and robbed an old negro man, Henry Jemison and Ben Dumas, two negro youths, scarcely 15 years of age, were detained at police barracks, and Dumas was bound over to the state court following a simialr action by Recorder Cabiness in the case of Jemison Wednesday. They are charged with highway robbery, and will answer in the superior court. They are said to have taken the sum of $15 from the aged and helpless old negro who was robbed.

Disappears from Rome.

London, Jan. 4.—A correspondent of the Daily Express in Rome says that Father Virginio Carones, who is said to be in New York, left Italy to escape intrigues against him. His sudden disappearance from Rome a few months ago was a puzzling mystery which has now been solved by the publication of a document he left behind. In it Father Carones says that his popularity excited the jealousy of fellow priests who schemed for his expulsion. Ex-Queen Margherita frequently asked him to conduct special services and he became the favorite confessor of many of the most prominent ladies in Rome.

Trouble Purely Local.

Washington, Jan. 4—The state department officials are still without advices of the mass meeting reported to have been held in Canton for the purpose of reviving the boycott on American goods, but it was stated at the department that this government feels sure the Chinese government will not lend its assistance to a revival of the American boycott. The state department does not believe that any movement of countenanced by the Chinese government will have great success and is disposed to take the position that whatever trouble there may be in th evicinity of Canton is purely local.

Jacksonville and Tampa are disputing as to which has a bank with the largest capitalization. Just wait a few years and Gainesville will show you a thing or two in the banking line.

Mayor Baker of Jacksonville has issued an order that the pool rooms in that city must close at 12 o'clock Saturday night and remain closed until 5 o'clock Monday morning. Good for Mayor Baker.

The East Coast Railway is the only corporation in Florida we have heard of increasing the wages of employes during the present year. Mr. Flagler's road renders the best service of any Florida railroad, and retains the services of efficient employes by paying them decent wages.

The best barometer to the increasing business and prosperity of a town is its banking institutions. The two banks now operating in this city are doing the best business in their history, and we are informed that two additional banks will open their doors during the next few months.

The Pensacola Journal and other leading papers advocate abolishing the office of county treasurer. The suggestion is a good one, but not new. Many members of every Legislature for the past twelve years have realized that the office of county treasurer is nothing but a sinecure—an unnecessary tax on the people—but so far it has been impossible to get the necessary three-fifths vote of members of the Legislature to submit a constitutional amendment abolishing the office.

What a Godsend it would be for the people of the United States if the Republican party would follow the New Year's example of some people and turn over a new leaf. There are a host of good resolves that the Republican leaders could declare for; they could reduce extravagant expenditures; reform the tariff that protects the trusts; refuse a ship subsidy that the shipping trust will chiefly profit by; pass a currency bill that would help the people. But what's the use telling all the good things Congress could do, when the Republican majority is determined to stand pat on the bad things they have done, and will do things they ought not to do?

Don't laugh at a boy who magnifies his place. You may see him coming from the postoffice with a big bundle of his employer's letters, which he displays with as much pride as though they were his own. He feels important, and looks it, but he is proud of his place. He is attending to business. He likes to have the world know that he is to work for a busy concern. The boy who says "we" identifies himself with the concern. Its interests are his. He sticks up for its credit and reputation. He takes pleasure in his work and hopes to say we are in earnest. The boy will reap what he sows if he keeps his grit and sticks to his job. You may take off your hat to him as one of the future solid men of the town. Let his employer do the right thing by him; check him kindly if he shows signs of being too big for his place; counsel him as to his habits and associates, and occasionally show him a pleasant prospect for advancement. A little pride does an honest boy a heap of good luck to the boy who says "we."

TEACHERS' WAGES.

The weary and careworn school teacher has been enjoying a few days of much needed rest after a term of eight or nine months of tiresome mental and physical labor. Many persons who have had no experience in the teaching line seem to think that any common school teacher whose wages are from $25 to $40 per month ought to make an independent fortune in a short time. Let such a one stop and consider what is expected of a teacher. In the first place she is expected to be well dressed at all times, which is no small item of expense. She is expected to buy all the latest books, and subscribe for all the popular educational journals of the day; attend teachers' meetings whenever and wherever held, and to spend from three to five weeks at an institute during her short vacation. All these requirements are attended by no small expense, and the teachers who comply with them will find at the close of the year that they have a very small portion of their earnings to lay by for a "rainy day."

Do not understand by the above assertions that such requirements are useless. But when it has become almost absolutely necessary for a teacher to attend all such meetings as those who have supervision over them shall appoint, it should be also required of the board of education that they pay their teachers such wages as will enable them to do so.

The City Council should call off the bond election scheduled for January 15th. Only seven persons, exclusive of those over 55 years of age, can legally vote on the proposition at that time, and it would certainly be unfair to the taxpayers of the city to allow seven persons to decide so important a question.

He reports great excitement prevails throughout Cyrenaica owing to news that the mahdi, who was believed to have died four years ago, is still alive. HIS GREAT SERVICE.

An Illustration of the Generosity of the Elder Dumas.

Dumas pere when manager of the Theatre Historique was continually studying the influence of the temperature on the sale of tickets at least, he seemed to do so. In fact, this seeming interest in the showing of the thermometer was, like so many other acts of his, nothing but an expression of the proverbial kindness of his heart.

One day Dumas happened to meet an old friend whom he had not seen for thirty years. "Where are you going to dine tonight?" he asked the friend.

"Tonight I shall dine nowhere," was the answer.

"Oh, no," said Dumas; "you are mistaken. You will dine with me." He led the friend into his house and gave him the upper place at his table. The poor man had not had such a dinner for a long time, and Dumas when retiring into his writing room after the coffee said. "It is a matter of course that I expect you tomorrow at the same time."

The friend came the next day, and the day after this, and so on for ten years up to his death. One day, however, he told Dumas that as he was eating bread he did not earn this arrangement could not continue. "If I am not able honestly to earn my meals I shall not come again. Tell me in what way I can be of service to you."

Dumas thought a moment; then he said: "You can do me a great favor. You may go to the new bridge every day and take the temperature by Chevalier's thermometer. The temperature, you must know, is of great moment in the matter of the sale of tickets. Could you do this?"

The poor fellow answered affirmatively and from that time on reported to Dumas every day, "At noon the thermometer showed so and so many degrees in the shade." And Dumas, who of course did not care in the least about the temperature, replied with the same regularity: "I am very much obliged. If you only knew what a service you are doing me!"—Harper's Weekly.

Three things to live—courage, affection and gentleness.

Three things to govern—temper, tongue and conduct.

Three things for which to fight—honor, home and country.

Three things to cherish—the true, the beautiful and the good.

Three things about which to think—life, death and eternity.

Three things to despise—cruelty, arrogance and ingratitude.

Three things to love—the wise, the virtuous and the innocent.

Three things for which to wish—health, friends and contentment.

Three things to admire—dignity, gracefulness and intellectual power.

Three things to attain—goodness of heart, integrity of purpose and cheerfulness of disposition.—Leadership.

Pugnacity of Rats.

A glove manufacturer took from a cabinet a handsome pair of brown gloves. "These gloves are made of ratskin," he said. "They look well at first glance, but examine them carefully. Look into the skin. The skin, though soft and fine, revealed on close examination a great many cuts and scars and scratches. None of these went quite through. Nevertheless their effect was to weaken the gloves greatly. "Those cuts and scars," said the manufacturer, "are what bar ratskin out of glovemaking. You never get a skin without them; hence you can't turn the damaged skin into a good glove. Rats fight so much that they become at an early age a mass of scars. Their torn hides are of no use to commerce."

London's First Balloon Ascent.

When Lunardi made the first balloon ascent from London in 1784 he had for fellow passengers a cat, a dog and a pigeon. Such was the excitement caused by this ascent that a jury, deliberating on the fate of a criminal, returned a hasty verdict of acquittal in order not to miss the spectacle, while King George III. broke up a meeting of his council to watch the progress of the balloon. It was in the following year, 1785, that an adventurous Dublin undergraduate, Mr. Maguire, made a balloon ascent and was actually knighted by the lord lieutenant for his courage.

A Thousand Dollars Worth of Good.

A. H. Thurnes, a well known coal operator of Buffalo, O., writes: "I have been afflicted with kidney and bladder troubles for years, passing gravel and stones with excruciating pain. I got no relief from medicine until I began taking Foley's Kidney Cure; then the result was surprising. A few doses started the brick dust like fine stones and now I have no pain across my kidneys and I feel like a new man. It has done me $1,000 worth of good." J. W. McCollum & Co.
